Frontend: React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3
State Management: Redux Toolkit, Zustand
Styling: Bootstrap, Tailwind CSS, SCSS
Web & CMS: Sitecore CMS, REST API Integration, Responsive Web Design, On-Page SEO, Web Performance Optimization

PROFESSIONAL EXPERIENCE

Web Specialist, PT Bank Danamon Indonesia Tbk (2026 - Present)

- Manage and maintain the corporate website through Sitecore CMS, including page creation, content updates, and publishing based on business and marketing requirements.
- Develop responsive landing pages for marketing campaigns and product initiatives using HTML, CSS, JavaScript, and Bootstrap.
- Implement on-page SEO and optimize web content and assets to improve search visibility, loading performance, and overall user experience.
- Perform responsive and cross-device quality assurance to ensure consistent experiences across desktop, tablet, and mobile devices.
- Collaborate with Marketing Communication teams to translate campaign and product requirements into functional and optimized web experiences.

Frontend Engineer, Arkademi (2022 - 2026)

- Led the migration of the company's website from WordPress to React.js using JavaScript, Redux, Bootstrap, and SCSS.
- Transitioned multiple company websites to Next.js and TypeScript to improve performance, scalability, and maintainability.
- Developed responsive, SEO-friendly web interfaces and collaborated with backend and product teams on API integration and feature planning.
- Contributed to Arkademi's web platform for the Kartu Prakerja partnership and built internal web solutions to support operational processes.
- Led frontend task planning and coordination across projects, ensuring smooth and timely delivery.

Freelance Frontend Engineer, Self-Employed (2023 - Present)

- Develop responsive and scalable frontend solutions for local and international clients using React.js and Next.js.
- Translate business requirements and design references into functional, maintainable, and user-friendly web experiences.
